### CoHousing in a Nutshell:

Co-Housing is an environmentally conscious lifestyle. Own what you use consistently and share incidental extras.

## Oak Park CoHo Welcomes L'Arche to its Membership

L'Arche aims to integrate people with intellectual disabilities into their neighborhoods and cohousing is an ideal arrangement to foster such social and emotional bonds. Oak Park CoHo is pleased to welcome a wonderful L'Arche resident as one of its member households, adding even more diversity to its already diverse membership. Learn more at [www.larchechicago.org](http://www.larchechicago.org).

## Party in the Garden!

Members and friends of Oak Park CoHousing enjoyed a lovely evening of relaxing, socializing, and some playing in the dirt in one of Oak Park's community gardens.
